MUHAMMAD ZAFAR KHAN

SENIOR SOFTWARE ENGINEER | FULL-STACK DEVELOPER

+92 334 1394920 • zafar.khan.372@outlook.com • Karachi, Pakistan

PROFESSIONAL SUMMARY

Software Engineer with 6+ years of professional experience building, enhancing, and supporting business applications and web platforms. Strong full-stack background across C#, ASP.NET Core, REST APIs, React, Angular, SQL, SharePoint, and Azure DevOps. Experienced in taking features from requirements and solution design through development, testing, deployment, and ongoing support. Comfortable working with cross-functional teams, translating business needs into maintainable technical solutions, and contributing throughout the software development lifecycle.

WORK EXPERIENCE

RaaWee K12 Solutions | Full-Stack Software Engineer | Sep 2021 – Present

- Develop and enhance business-critical web applications across multiple subsystems, contributing throughout the lifecycle from requirements analysis and solution design to testing, deployment, and production support.
- Build maintainable server-side solutions using C#, ASP.NET Core, MVC, and Web APIs, with a focus on clean architecture, reliability, and long-term maintainability.
- Develop responsive, interactive user experiences with React and integrate front-end components with backend services and APIs.
- Design and deliver client-focused applications using Angular for the front end and a .NET-based service layer for backend functionality.
- Design and optimize database structures, develop APIs, and create user-facing features based on evolving business and customer requirements.
- Work across Microsoft SharePoint and Azure DevOps environments, supporting application delivery, collaboration, source control, and deployment workflows.
- Participate in requirements discussions, prototyping, sprint planning, retrospectives, testing, and release activities while collaborating with cross-functional stakeholders.
- Analyze technical issues and recommend practical improvements, upgrades, and process changes to strengthen application quality and delivery.
- Coordinate with stakeholders to manage delivery risks, maintain quality standards, and keep work aligned with agreed timelines.

Bosch Pharmaceuticals (Pvt) Ltd | Junior Software Developer | Feb 2020 – Aug 2021

- Developed and maintained internal web applications supporting business operations and day-to-day workflows.
- Implemented application features and backend services using C#, ASP.NET Core, MVC, and Web APIs, from initial requirements through deployment and maintenance.
- Built and maintained Windows-based C# console applications supporting Human Information Systems and internal processes.
- Designed, maintained, and optimized SQL databases to support application functionality and reliable data operations.
- Created and maintained Crystal Reports tailored to business requirements, operational reporting, and user specifications.
- Provided end-to-end technical support across development, deployment, configuration, troubleshooting, and system maintenance.

The TekVenture | Junior Web Developer | May 2019 – Nov 2019

- Developed and customized e-commerce websites using WordPress, Elementor, and WPBakery based on client requirements.
- Created responsive static websites and tailored layouts to meet specific design and functionality needs.
- Maintained and enhanced Windows-based Human Resource Information Systems (HRIS).
- Produced website wireframes and visual mockups in Adobe XD to support planning and client presentations.

TECHNICAL SKILLS

Languages & Core: C#, Object-Oriented Programming, JavaScript, TypeScript

Backend & APIs: ASP.NET Core, ASP.NET MVC, Web Forms, Web API, REST APIs

Frontend: React.js, Angular.js, jQuery, AJAX, HTML5, CSS3, Bootstrap

Databases: SQL Server, MySQL, MongoDB

Microsoft Ecosystem: SharePoint 2013/2016/2019, Azure DevOps

Reporting & CMS: SAP Crystal Reports, WordPress, Shopify, Wix, Squarespace

Design & Productivity: Adobe XD, Microsoft Word, PowerPoint, Excel

EDUCATION

B.S. Software Engineering — Sir Syed University of Engineering & Technology, Karachi | 2016–2020

Intermediate — Jinnah Government College, Karachi | 2013–2015

Matriculation — The Educators Professional's Campus, Karachi | 2013

CORE STRENGTHS

- Full-stack application development and end-to-end feature ownership
- Problem solving, troubleshooting, and continuous improvement
- Cross-functional collaboration and stakeholder communication
- Adaptability to new technologies, tools, and changing priorities
- Attention to detail, code quality, and timely delivery

ADDITIONAL INFORMATION

Nationality: Pakistani

Date of Birth: May 07, 1997
